The Osborn Millinery

Good Looking Shoes Complete Your Costume

What is more important to the woman who would be well dressed, that the shoes she is to wear? Nothing, is more important. The entire effect of a handsome spring suit, crowned by a pretty spring bonnet, may be ruined entirely by an ill-fitting, badly selected pair of shoes. This is especially true in these days of short skirts.

WE SPECIALIZE IN SHOES

You can avoid such a result by inspecting our handsome, complete and varied stock of shoes selected with the purpose in mind of having size, style and color to fill the needs of any costume our customer might desire to match or complement. We can fit your foot comfortably in any shade you'll want; browns, tans, greys, in all leather or in leather and cloth tops. Oxfords in Latest Styles.

We have, too, a handsome stock of Women's Oxfords for your approval.

WORK SHOES FOR MEN

Men preparing for spring work on the ranch are offered all kinds of shoes for their particular needs. Heavy work shoes, high top shoes, shoes with wooden soles. In fact we have shoes here for every need.

HOSIERY

Let us show you the next time you are in town our excellent stock of Phoenix, Black Cat and Holeproof Hosiery.
